www.amwe.world

AUTONOMY MOBILITY WORLD EXPO (AMWE) is the world's largest annual gathering of corporations, companies, start-ups, international policymakers, institutions and NGOs focused on sustainable urban mobility solutions.

AUTONOMY MOBILITY WORLD EXPO (AMWE) combines exhibition stands with a Startup Village, 5 conference programs, test tracks, demos, B2B & B2G meetings, and also the Startup Challenge and Innovation Awards ceremonies.

The 7th edition of AUTONOMY MOBILITY WORLD EXPO (AMWE), the unique and established international Expo of the mobility ecosystem took place on March 22-23, 2023 in Paris and welcomed 260+ exhibitors, 5,000+ participants and 400+ speakers.

MAIN SECTORS REPRESENTED

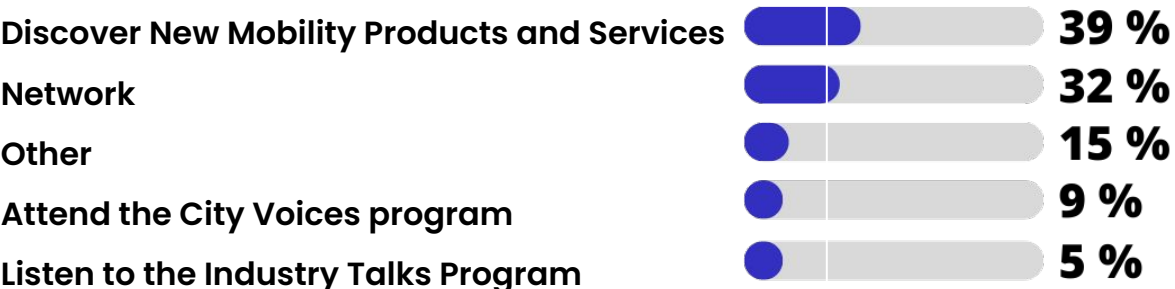

SIZE OF THE COMPANY

- Startup (less than 3 years)
- Small company (10 to 100 employees)
- Medium company (101 to 999 employees)
- Large company (over 1000 employees)

MAIN GOAL AT THE EVENT

Hogan Lovells

"The reason we are here today at AMWE is because it's THE mobility event in Europe which brings all the stakeholders together."

Patrick AYAD,
Partner & Global Head of Automotive & Mobility

BNP Paribas

"BNP Paribas is attending Autonomy because we have identified mobility as a strategic topic to help our clients run their transition... At Arval, our core business is mobility so it's very natural for us to attend this event."

Ronan PERRIER,
Head of Mobility for Corporate

SNCF Connect & Tech

"We need to unite with the ecosystem to work around the objective of reducing carbon emissions worldwide and AMWE is the best place to discuss the future of decarbonization."

Arnaud COIFFARD,
Chief Strategy, Innovation & New Markets Officer

- // "The event was of a high technical level and brought together experts from the segment in several areas, in the public and private sectors, non-governmental institutions with stands, speakers and bilateral meetings. The content, high level of discussions and the possibility of networking make it special."
- // "A must-go-to event in the mobility industry. Notable speakers and interesting all-around participants leads to quality exchanges with everyone you meet."
- // "I have been visiting Autonomy already a few times since it started in 2016 and it's still one of the highlights of the year to meet the international New Mobility community."

THIS YEAR AMWE HAS WELCOMED TWO PAVILIONS

Banque des Territoires

"Banque des Territoires' participates in Autonomy Mobility World Expo because sustainable mobility is a key issue for the development of our territories."

Pierre Audouin,
Head of Infrastructure & Mobility Dept

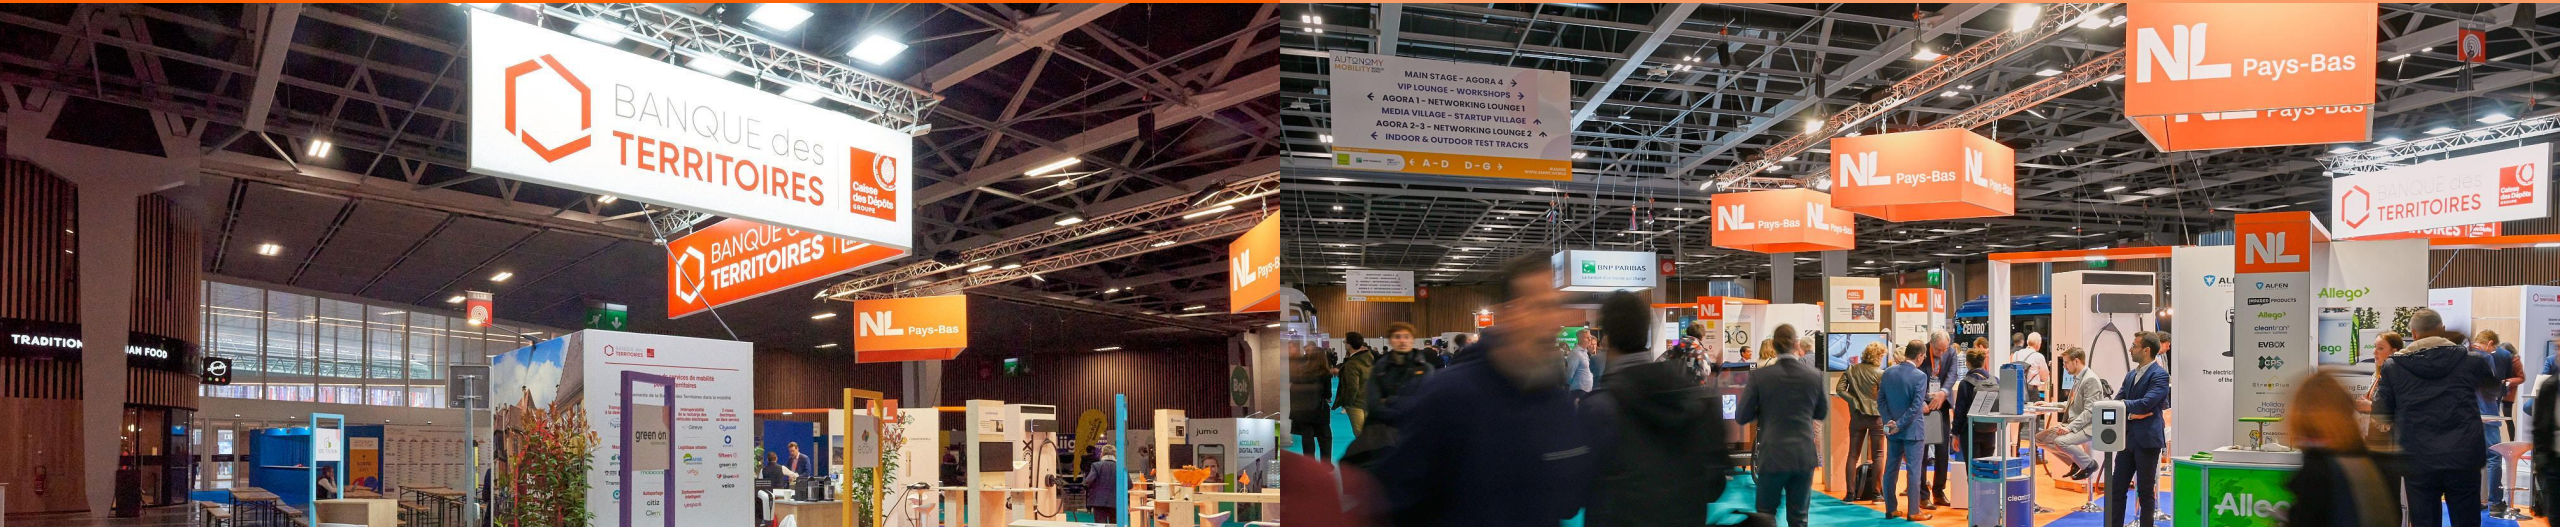

Dutch Pavilion

"Cars take a lot of place in the public space, it's interesting to see all the active mobility options showcased here. The future of mobility will be clean, electric and shared."

Joannette
Embassy of the Netherlands in Paris

PO

TOP POLITICAL ENGAGEMENT

Autonomy Mobility World Expo has become a key gathering point for decision-makers and political leaders from cities all around the world. In 2023, **52 countries** and **56 cities** participated at the event, as did **58 institutional partners**; and **345 cities and institutions representatives**.

Karen Vancluysen, Secretary General of POLIS, co-organised and participated in the City Voices conference articulating a bold vision for sustainable mobility.

Karima Delli, President of the Committee on Transport and Tourism of the European Parliament also presented her vision of Mobility.

CITY VOICES

For the 5th year in a row, **POLIS Network** and **Autonomy** joined forces to present the ‘**CITY VOICES**’ program at Autonomy Mobility Word Expo.

Hosted at the event’s main stage on both mornings, the initiative provided a series of conferences to help cities and local governments share their most innovative projects and seek solutions tailored towards their current and future mobility needs.

25 Speakers

5 City Partners

2 Networking events

12 City Representatives

Cities & Public Transport Authorities participating:

Cities of Groningen
Helmond
Gothenburg
Tornio
Leuven
Ile-de-France Region

BKK Budapest
Transport for Greater Manchester
Amsterdam Vervoerregio
Thessaloniki Transport Authority
EMT Madrid

“ AMWE was a blast! Being part of this event gave me the possibility of listening to other cities on the ground actions in regulating micro mobility and developing MaaS services but also speaking with companies on how they are addressing challenges in sustainable urban mobility, providing an overview of how the mobility industry is evolving. ...Furthermore, participating in the CITY Voices panel organized by POLIS Network, has been an inspiring chance to share experiences, successful solutions and create a fruitful discussion among operators, cities and policy makers. I'm looking forward to increasing collaborations with them and putting in place all the lessons learned!

Gloria Tarantino, Technical Officer
Mobility Management and EU Projects, City of Torino

H.E. Jan Versteeg, Ambassador of the Kingdom of The Netherlands to France also brought his delegation to AMWE.

3 OFFICIAL DELEGATIONS

Three official delegations were welcomed at **AMWE 2023** and shown around during a walking “delegation visit”.

The delegation of ICLEI – Local Governments for Sustainability was this year’s biggest delegation with **10 representatives from major cities** of the global south participating in the guided tour:

- **Medellín in Colombia**
- **Quito and Cuenca in Ecuador**
- **Puebla and Yucatán in México**
- **Panaji in India**
- **Palembang in Indonesia**
- **Porto Alegre, São José dos Campos and Niterói in Brazil**

ICLEI DELEGATION at the 7th edition of AMWE

Mrs. Karima Delli, Member of the European Parliament, President of the Committee on Transport and Tourism also participated in a delegation at AMWE23.

PARTNERS QUOTES

Tu-My Tran

Head of Sustainable Mobility

ICLEI – Local Governments for Sustainability

"Autonomy delivered a fantastic Summit again despite all adversities, including transport strikes! It was a pleasure for ICLEI- Local Governments for Sustainability to continue our partnership! This year, 9 TUMI e-bus mission delegates joined us from Ecuador, Brazil, Colombia, and Mexico. They had the opportunity to discover many innovative solutions and exchange best practices with representatives from European cities. We just returned but cannot wait to reconnect with such a vibrant community in 2024!"

Sandro Azzopardi

President of the Council

Western Region Council of Malta

"AMWE 2023 provided a two-fold space where the Region could exchange knowledge and practices with foreign authorities and bodies whilst also being reached out by numerous businesses and entrepreneurs that offer possible solutions and innovation in the field of mobility. The Expo served to support the Region in allowing us to share our mobility challenges and strengths with like-minded audiences - thank you for this extensive opportunity!"

Bertrand Charpentier

Energy-Climate Speaker

The Shifters et la Fresque de la Mobilité

"The Shifters and the "Fresque de la Mobilité" were delighted to participate in AMWE 2023. The theme of the show and the attendees present were well aligned with our missions and concerns. The traffic on our booth was sustained, with many quality contacts and nice exchanges on decarbonation and the future of mobility. The Round Table on active mobility in Ile-de-France that I was able to lead was also a great opportunity to discuss these topics. Bravo for the impeccable organization and the good atmosphere that prevailed at the show."

WORKSHOPS

Beyond our conferences program, AMWE and its Partners also offered 15 side workshops and activities.

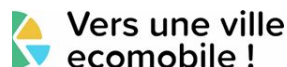

1 Collaboration in the Cycling Sector:
A Platform for Sustainable Materials

2 Let's unfold data specifications
& standards together!

3 Play-Mobile: A Cooperative Game
to Change the Streets and Mobility

4 Introducing Google Maps
Mobility Services

5 Designing bike parking infrastructure
at train stations

6 What does being a bike-friendly city
really mean? Lessons to accelerate
your city's cycling mobility transition

7 "Walkshop": Exploration des différents
enjeux et facettes de la marche

8 EV Charging: Public Charging,
Charging at depots, Charging at home!

9 Amplifying young voices for safer
and sustainable mobility !

10 Electrifying Corporate Fleets:
Best Practices Across Markets

11 How do cities manage road safety in
urban freight transport?
Experiences and good practices

12 Google Maps Mobility
- technical aspects

13 Co-designing prototype business
models for CCAM Solutions
(MOVE2CCAM EU-Funded Project)

14 The Fresque de la Mobilité
(‘Mobility Fresco’)

15 Challenges and Opportunities in
Electrified Public Transport
in Latin America

INDUSTRY TALKS CONFERENCES PROGRAM

The Industry Talks bring together various sectors to share their insights and ideas on the latest advancements and challenges faced across the mobility ecosystem.

The series covers 7 themes, including autonomous vehicles, e-mobility, fleet services, mass transit tech, shared mobility, smart mobility cities, and urban logistics, allowing attendees to gain a comprehensive understanding of the current state and future prospects of the industry.

INNOVATION AWARDS

Autonomy organized its first Autonomy Mobility Innovation Awards to reward those revolutionizing the world of mobility.

From the more than 100 applications, the jury chose the following winners :

- Smart Mobility Cities // Birò (France)
- Public Transport // Capgemini (France)
- Active Mobility + Public Award // Fifteen (France) was awarded in two categories
- Electric vehicle fleets // Circunomics (Germany)
- Shared mobility // Invers (Germany)
- Urban logistics // Midipile Mobility (France)
- Autonomous vehicles // Kolumbus AS (Norway)

Start-ups will be celebrated at Autonomy Mobility World Expo

Eight winners will receive prizes based on seven themes of the mobility show in Paris

Mobility as a Service / March 13, 2023

The Autonomy Mobility Startup Challenge at Autonomy Mobility World Expo (AMWE) 2023, which takes place next week in Paris on 22-23 March, is set to reward eight companies.

Startup Challenge et Innovation Awards : deux concours lors du salon Autonomy 2023

Par Rédaction - 10/03/2023

Les 22 et 23 mars, lors de la septième édition d'Autonomy Mobility World Expo, seront désignés seize lauréats pour les concours Startup Challenge et Innovation Awards.

À l'occasion de son édition 2023, Autonomy Mobility World Expo organise deux remises de prix : l'Autonomy Mobility Startup Challenge et les Autonomy Mobility Innovation Awards.

Concept car

EON MOTORS WEEZ CITY-4 (2023) : CE QUADRICYCLE ÉLECTRIQUE PEUT TRANSPORTER QUATRE PERSONNES

L'entreprise française Eon Motors dévoile le Weez City-4, un concept de quadricycle lourd 100% électrique qui dispose de quatre vraies places à bord de son habitacle. Voici les principales caractéristiques de ce quadricycle familial.

Après avoir commercialisé le quadricycle Weez City-Pro en 2022, Eon Motors continue sur sa lancée en 2023. Le constructeur français profite du salon Autonomy Mobility World Expo pour dévoiler le Weez City-4, un concept de quadricycle lourd électrique qui peut accueillir quatre personnes à son bord, alors même que la plupart des quadricycles offrent seulement deux places.

Développé, homologué et assemblé en France, cet engin repose sur un châssis plateforme qui embarque quatre moteurs-roue. "Cela permet de libérer l'espace nécessaire à l'aménagement d'un habitacle doté de quatre vraies places", assure Eon Motors qui

Trottinettes électriques : Lime dévoile un système qui détecte la présence d'une deuxième personne sur l'engin

TRANSPORT SUIVRE CE SUJET

L'opérateur de trottinettes en libre-service Lime a mis au point un nouveau dispositif permettant de détecter la présence de deux personnes sur ses engins.
